## \$1,000,000,000 CUT IS LIMIT SET BY G. O. P. IN CONGRESS FOR ITS ECONOMY EFFORTS

Hint of Big Slash in War Department Estimate as Bulk of Saving.

FACE 3.5 BILLION DEFICIT

"Mysteries" of Camps That Add Millions to Costs Not Solved.

By Martin Green.  
(Special Staff Correspondent of The Evening World.)

WASHINGTON, March 18.—The agreement of the House Naval Affairs Committee to hold the appropriations for the Navy for next year to approximately \$125,000,000 gives a line on how the Republican majority intends to cut the estimates a total of \$1,000,000,000, which, it appears, is about the figure that has been agreed upon. Majority Leader Mondell said today that he hopes to keep the appropriations for the War and Navy Departments for next year down to \$800,000,000. If legislation is not passed increasing the pay of officers and men, and, he says, he is in favor of increasing the pay of the enlisted personnel.

"Unless something unforeseen turns up," said Mr. Mondell, "I am quite sure you can say our war and naval plants will cost us in the vicinity of \$500,000,000 next year. We hope to cut close to half a billion more off, and will try to do it because it is necessary, if we are to avoid further taxation, to hold all expenses down to essentials."

But Mr. Mondell was not specific about the proposed additional cut of "close to half a billion," and the indications are growing more pronounced that if the majority cuts the estimates \$1,000,000,000 the leaders will consider that an achievement sufficient to carry the Republican Party before the country in the forthcoming election.

The Navy Department originally asked for about \$775,000,000 for next year, not including the building programme. The estimates were subsequently revised downward by the department, so the cut made by the House Appropriations and Naval Affairs Committee amounts to approximately \$110,000,000.

The War Department has asked for \$6,000,000 for the War Department proper, about the same amount as was appropriated for this year; \$989,578,000 for the military establishment, as against \$774,602,000 appropriated for this year, and \$124,578,000 for War Department public works, as against \$54,653,000 appropriated for this year. The total demanded by the War Department for next year, the estimates being figured on the assumption that the war is not over, is in round numbers, \$1,180,000,000.

Mr. Mondell says the appropriation (Continued on Seventeenth Page.)

### 1,800 PUPILS IN FIRE PERIL.

Blaze Sweeps Over Three Cornish Heights' Homes.

Six families were driven from their homes today when fire destroyed a building at No. 60 Fairview Avenue, Cornish Heights, L. I., and under a high wind, spread to Nos. 58 and 56. All were two-story frame, two-family houses. The damage was estimated at \$4,000, covered by insurance. The fire alarm and smoke caused much excitement among 1,800 pupils at Public School No. 14, less than a block away, but the teachers quoted their charges without accident.

## MONDELL ATTACKS ARMY-NAVY COST AS PRUSSIANISM

Assails \$850,000,000 Asked for Greater Than Any Other Country Ever Spent.

WASHINGTON, March 18.—Pointing out that the Army and Navy Appropriation bills now pending carry a total of \$850,000,000, Representative Mondell, the Republican Leader, told the House today that no country had ever attempted in peace time to maintain a military establishment costing such a sum.

"Prussianism in its balmiest days never spent two thirds of that sum," said he. Chairman Kahn of the Military Committee, said the high cost of the Army was due largely to "larger pay for officers and men," by the United States as compared with foreign countries.

## FINAL TREATY VOTE SET FOR TO-MORROW

Senate Rejects a Dozen Proposed Resolutions at Its Session Today.

WASHINGTON, March 18.—One after another the Senate today voted down proposed resolutions to the Peace Treaty.

About a dozen resolutions was to be disposed of during the day under an agreement to limit debate and put the resolution of ratification into final form for a vote to-morrow.

## CLAIM BROOKLYN DOCKS ON OLD DEED

Indiana Heirs of James Godfrey to Fight for 160 Acres They Say U. S. Granted Him.

BROOKLYN, Ind., March 18.—Descendants here of James Godfrey claim ownership to 160 acres of the Brooklyn waterfront, on which are situated docks, wharves and warehouses of the world's greatest shipping center.

George Godfrey, one of the descendants, declared today he and his relatives have verified their claim by a deed given James Godfrey by the Federal Government 160 years ago. Subsequently, he said, the land was leased to the city of Brooklyn for 99 years.

The heirs have asked \$5,000 to defray initial expenses to prove their claim.

## HOOVER URGES U. S. TO ENTER LEAGUE WITH RESERVATIONS

Tells Wilson He Should Accept Compromise to End Delay.

FEARS GRAVE PERIL.

Must Continue State of War or Make Separate Peace, He Says.

WASHINGTON, March 18.—Herbert Hoover today declared the peace treaty should be accepted, "so long as the final form gives us freedom of action and room for constructive development of peace." He also said that the growing state of international antagonism cannot be moderated until the United States joins the League of Nations.

In a statement prepared for the Washington Star, the former Food Administrator asserted that the reservations proposed to the treaty should "satisfy the most timid as to entanglements."

"Regardless of what any of us may think should have been the provisions of either the League or the treaty," he said, "the world should not be kept waiting longer for a settlement."

"The whole process of peace has been necessarily one of compromises, and so long as the final form gives us freedom of action and room for constructive development of peace, I believe it should be accepted."

"The reservations should satisfy the most timid as to entanglements and, despite the feeling of the President and his associates that the strength of the League is somewhat undermined, I believe that they should also accept. I do not believe that the reservations destroy the possibility of the creation of a potent organization to mitigate the dangers in front of us and the alternatives are a continuation of our state of war for another year or—the unthinkable thing—for us to make a separate peace, after we have gone so far as to agree to its main lines with our comrades in arms."

"Due to this untimely and other causes that the League would mitigate, the world is steadily drifting back to a worse state of international antagonism than existed before 1914. The naval strength of every nation, except the enemy and Russia, has been increased during the war. Many great armies have been demobilized, yet the world is again engaged in preparedness and the actual number (Continued on Fifteenth Page.)

## BURGLAR BEATS WOMAN IN BED IN BROADWAY HOME

Strikes Mrs. Wollock Unconscious With Milk Bottle While He Loots Rooms.

FLEES AS SHE REVIVES

Police Hide Facts, But Rope Shows How Thief Reached High Apartment.

Mrs. Anna E. Wollock, fifty-six years old, was struck unconscious in her bed at 2 o'clock this morning by a thief in her home on the tenth floor of the Sarafeld apartments, No. 345 Broadway, at 1433 Street. The thief escaped, taking a small quantity of jewelry.

The police and detectives of the West 153d Street station and the Harlem Branch Bureau were active regarding the crime to-day, dividing their efforts between searching for clues to the burglar and preventing the knowledge of the robbery from becoming public. Detective Captain Lewis Haupt had got to the point by noon where he was able to say that he did not know whether the robber was a white man or a negro and that if he did know he wouldn't tell.

Mrs. Wollock, who occupies the apartment alone, was awakened by the sound of some one stirring in her room. She made out the form of a man between her and the dim light in the hall. She sat up and was struck over the right eye by a milk bottle, which was found beside the bed this morning. She recovered consciousness while the man was still moving about the apartment, and screamed. The intruder ran out.

Mrs. Charles Todd Parks and Mrs. Wollock's daughter, Mrs. Lawrence Irwin, living in adjoining apartments, heard her screams and went to her aid. They called Dr. James Adin from the ground floor and roused the superintendent of the apartment house. The halls were searched without result.

It was apparent that the thief had entered the building before the front door was locked. The elevator boy on all night duty said he had seen no one, indicating that the intruder had gone up the stairs while the elevator was moving between floors.

A rope out from clothes lines on the roof was dangling over the window of the tenth floor landing, showing how the robber could have slid down and made his way from that window ledge to the lodge of Mrs. Wollock's bathroom, which was open, and through which he apparently entered her room.

A wedding ring, a diamond and a ruby ring had been taken from a dresser in Mrs. Wollock's room.

## BOY AND \$6,200 BONDS GONE.

Mr. & Co. Brokers Ask Search for Messenger.

John M. & Co. brokers at No. 61 Broadway, sent out inquiries this morning for Floyd H. Selwyn, an eighteen-year-old messenger employed by the firm, and securities valued at \$14,000. The boy had been with the company for several months. Yesterday he was given the securities and directed to deliver them to various brokerage houses. The boy, according to Mr. M., failed to return. Selwyn is said to have given the firm a fictitious address when he went to work for them.

The police last night investigated a report, given by an unidentified woman, that a boy resembling "Nicky" Amstein, alleged "master mind" in the Wall Street bond theft, entered No. 122 East 74th Street. The house was closely watched, but Amstein did not appear.

## A GOOD IRISHMAN IS SEE YEN DO

Chinaman, Day Late in Bright Green Costume, Wishes Court a Merry Christmas.

It wasn't clear just what See Yen Do of No. 119 Sands Street, Brooklyn, wanted Magistrate Sweetser to do in the West Side Court today, to Matty Guzman, a Filipino of the same address, but there was nothing uncertain about the Chinaman's springtime garb. See wore a bottle green suit with trousers creased so neatly that you could cut your hand on them. His scarf was pea green, with a golden harp holding it together. He wore a sweater the color of new money.

"What's the big idea?" asked the Magistrate.

"Patrick's Day," said the Chinese.

"And are you Irish?"

"Good Chinaman, good American, good Irishman," said See.

"Well," said Magistrate Sweetser, "you're a day late with the tout ensemble and you're in the wrong room with this complaint about borrowing \$162. Take it to a civil court."

"Merry Christmas," said the grass-colored Chinaman, and was on his way.

WASHINGTON, March 18.—Grand Duchess Olga, sister of the late Czar Nicholas of Russia, has been found by American Red Cross workers, living in a box car near Novorossiysk, South Russia. It was announced to-day, the headquarters of the American Red Cross here.

The Red Cross announcement follows:

"The Grand Duchess Olga, sister of the late Czar of Russia, and one of the three surviving members of the House of Romanoff has been found by American Red Cross workers, living in a box car near Novorossiysk, South Russia. A report reaching National Headquarters of the Red Cross to-day stated that this survivor of the most sumptuous court in the world was discovered toiling among fellow refugees from the territory recently conquered by the Bolsheviki, giving such assistance as she could, although herself clad in rags and grateful for any food and clothing she could find.

"Refugees have been pouring into Novorossiysk by the thousands, all reduced to the most abject poverty. The South Russian Committee of the American Red Cross has been caring for them to the limit of its resources and it was in the midst of this work that the plight of the royal refugee was discovered.

"Grand Duchess Olga formerly was the wife of Prince Oldenburg, whom she divorced, later marrying a young army officer, since which time, although the old Russian law permits her to retain her title, she has taken the name of her husband and has lived quietly at Rostov as Mme. Koulinovsky. She has two children, but the Red Cross does not reveal the fate of these or her husband. Another sister of the Czar, Grand Duchess Xenia, lives in London, while (Continued on Second Page.)

## EBERT ORDERS ARREST OF LEADERS IN THE REVOLT; KAPP'S SUICIDE REPORTED

American Official in Berlin Cables Washington That Chief Danger Now Is From Communists Who Are Reported Marching on the German Capital.

LONDON, March 18.—President Ebert arrived in Berlin last night, according to a telephone message received by the Amsterdam correspondent of the Exchange Telegraph, from the German capital. The correspondent says Ebert has ordered the Imperial Court at Leipzig to bring action against the leaders of the revolution—Dr. Kapp, Gen. Von Luetwitz, Gottlieb von Jagow, Admiral Trotha and Capt. Erhardt.

Rumors are current in Berlin that Wolfgang Kapp had committed suicide, according to another despatch to the Exchange Telegraph from Amsterdam. The reports were received by telephone in Amsterdam from the German capital.

Gorman von Luetwitz, who commanded the troops which supported the Kapp regime, has left Berlin with his armed forces, according to a telephone message to Amsterdam, received from Berlin this morning.

## REDS ARE GAINING IN GERMAN CITIES; SOVIETS STARTED

Dortmund, in Westphalia, and Gera, Near Leipzig, Now in Communist Control.

THE HAGUE, March 18.—Soviet republics have been formed at Dortmund, in Westphalia, and at Gera, thirty-five miles southwest of Leipzig, according to despatches received here. At the latter place, which was formerly the capital of the Principality of Reuss-Schleiz, there has been savage fighting, it is said.

An artillery battery at Wetter, Westphalia, has been wiped out by Spartacists, according to an official Berlin despatch filed Wednesday afternoon. The Spartacists killed all the officers of the battery, and nearly all the men, the despatch says.

In the fighting at Dresden fifty persons have been killed and 495 wounded, reports state, and the city is isolated from the rest of Germany.

COPENHAGEN, March 18.—A message received here from Dortmund, Germany, says:

"Heavy fighting occurred here Wednesday morning between regular troops, which arrived during the night, aided by members of the Citizens' Guard and the Public Security Guard and armed workmen. After receiving heavy reinforcements the workmen overwhelmed the regulars and disarmed them, as well as the Citizens' Guard and Security Guard. Workmen's forces are now in possession of the town. Many have been killed and wounded, but the number of casualties has not been ascertained. There has been no plundering."

Nearly the whole of Western Germany is in the hands of extremists, the correspondent adds. In Cuxhaven a Soviet republic has been proclaimed. There is a Bolshevik sentiment in Saxony and Wurtemberg and Mecklenburg. Bolshevism also has manifested itself in the country districts. Many of the owners of big farms have been expelled from their properties.

The resignation of Gustav Noske, the Minister of Defense, "No amnesty for the offenders in the recent conspiracy and the punishment of all persons guilty of high treason."

"The withdrawal of all troops from Berlin."

"The right of the labor unions to take part in the forming of a government."

In a new proclamation, issued at Stuttgart, President Ebert urges all workers to return to their tasks at once. He said the Government would not permit the army to mix in the affairs of the people and that all responsible for the military violence of
